EDUCATION-BASED ACTIVITY PROGRAMS

The National Federation of State High School Associations and the Oklahoma Secondary School Activities Association recognize the numerous potential benefits of participation by students in education-based activities. While education-based activities may differ between the stakeholder groups, all should be centered on optimizing the student's scholastic activity experience. Students will change, develop and expand abilities over time; coaches, administrators and parents should not only be cognizant of the fluid process, but also foster a safe, positive environment in which development can occur. Education-based activities must always be viewed as an evolving and unpredictable path.

The NFHS and the OSSAA recognize the influential role played by coaches and directors in all activities, and therefore emphasis should be placed on those individuals to instill and reinforce fundamentals and best practices, not only to minimize risk but also to promote an environment in which a student has the opportunity to reach his or her full potential. The common goal for all the stakeholders involved with education-based activities should be to make the experience enjoyable and rewarding for the all.

While our position is not intended to squelch dreams of achieving a college scholarship or professional or Olympic glory, we do place emphasis on the student's entire scholastic activity experience with the goals of enhancing participation, reducing injury risk, and optimizing performance and success (however defined) during the student's high school career. The ultimate goal; Producing an individual who is competent, confident, connected to his or her peer group and community, and of high character. This essential principle is at the core of the scholastic activity experience and is fundamental to the mission of the OSSAA and NFHS.

A. Course - Art. 1

1. The cross country run shall be a course 2500 to 5000 m (1.5 to 3.1 miles) in length as determined by the meet director or games committee.
2. Measurement shall be along the middle of the course. The course shall be clearly marked. This may be by a wide line marked with a material which is not injurious to the eyes or skin, or by signposts with large directional arrows wherever the course turns, or by flags about 1 ft. square and mounted on stakes which hold them 6 ft. or more above the ground.

Flag Designations

1. A red flag indicates a turn to the left.
2. A yellow flag indicates a turn to the right.
3. A blue flag indicates a course straight ahead.

C. Art. 2

In case of a discrepancy in the course markings, directional flag markings take precedence over any other course markings.

D. Art. 3 - The race course should include the following features:

1. Signs and flags at least 6 ft. above the ground should be visible for 100 ft. Turns and guidelines should be marked on the ground with a material which is not injurious to the eyes or skin. The course should be at least 3 ft. wide at its narrowest place. Small survey flags of the appropriate color may be used in lieu of painted lines or survey chalk.
2. No ground obstructions which might cause tripping or turned ankles. No overhead objects such as tree branches lower than 8 ft. above the ground.
3. A 2 in. wide starting line should be marked at the beginning of a lengthy straightaway, wide enough to accommodate all teams; i.e., a width of the number of teams multiplied by 6 ft.
4. At the end of the course, a straightaway of at least 150 yards ending in a rope funnel with a mouth 15 feet wide. The finish line should be at the mouth of the funnel and 15 to 25 feet from the chute. This funnel should narrow to a rope chute about 30 inches wide and at least 100 feet long. The stakes supporting the ropes should be solid enough to permit taut ropes, and the stakes and ropes near the finish line should be well-padded. See diagrams of chutes. Note: For large meets, the use of a multiple chutes is recommended.

E. Section 2 - Scoring

1. Art. 1 - Scoring shall be as shown in the following table:

Place:	First	Second	Third	Fourth	Fifth	Sixth,	etc.
Points:	1	2	3	4	5	6	etc.

2. Art. 2 - All competitors who finish the race shall be ranked and tallied in accordance with the above table. In cross country, up to seven team members retain their order of finish. Any team members beyond seven shall be disregarded and shall not displace any opposing runners. The team score shall then be determined by totaling the points scored by the first five finishers of each team. The team which scores the fewest number of points is the winner.
3. Art. 3 - If fewer than five competitors of a team finish, (or other number specified by the games committee) the places of all members of that team shall be disregarded and the team scores reranked. By state association adoption, modified scoring system may be used.
4. Art. 4 - Ties in team scoring shall be resolved by comparing the sixth place finishers from the tying teams. The team with the best sixth place finisher shall prevail. If one team does not have a sixth place finisher, the team with the sixth place finisher shall prevail.
5. Art. 5 - If only five competitors of tying teams finish, the tie shall be resolved by totaling the scores of the first four finishers.
6. Art. 6 - The score of a forfeited dual meet in cross country shall be 15-50.

NOTE: Rules 2-3-1, through 3, on the correction of errors, also applies to cross country scoring.

F. Section 3 – Start/Conclusion

1. Art. 1 – A cross country race begins when the competitors are called to the starting line for final instructions and is considered to be official and concluded when places have been determined and the results have been recorded.
2. Art. 2 – A competitor finishes a cross country race when the torso of the runner breaks the plane of the finish line when using hand- or picture –based timing systems.
3. Art. 3 – Computerized chips may be used to record the finish of a runner in cross country, provided the chips are attached to both shoes of the runner. When chips are used, it is the position of the chip, not the torso, that determines the finishing position of the runner.

G. Section 4- Officials

- Art. 1 - The games committee or the meet director shall establish the length of the course, assign the teams by lot to their starting positions, and provide the necessary meet facilities.
1. Art. 2 - Referee - the referee shall make final decisions concerning questions which are not specifically placed under the jurisdiction of other officials and shall disqualify any runner for violation of the rules. (See 9-7)
 2. Art. 3 – Prior to the meet, the referee shall, either by a meeting or written communication, address the following with all head coaches and team captains:
 - a. All team members are expected to exhibit good sportsmanship.
 - b. The head coach shall verify verbally, or in writing, that all of his/her competitors are properly equipped (uniform, equipment, and no jewelry) in compliance with these rules.
 - c. Any special circumstances, procedures and information pertaining to the meet.
 4. Art. 4 – Starter - Once the teams have been called to the starting line by the starter for final instructions, no further run-outs shall be permitted

For an unfair start, the starter or assistant starter shall recall the runners by firing the starting device. If a runner falls during the first 100 m due to contact with another runner, the race shall be recalled by firing the starting device.
 - b. Audio/Visual start: When conditions dictate, the starter may use whistle/flag commands along with the starting device. Because this technique is used with a large number of competitors, it is recommended that the starter take a position well in front of the runners so the competitors can see and to be able to move to the side.
 - i. Give a brief and concise review of the starting commands and procedures to be used for the start with all competitors immediately before the start.
 - ii. The starter will hold the starting device and red flag parallel to the ground and give a long blast of the whistle. This is the signal for the runners to step up to, but not touch, the starting line and become motionless.
 - iii. The starter slowly raises both arms overhead.
 - iv. When all runners are set and motionless and the recall starters signal with a white flag, the starting device is fired and at the same time, the red flag is motioned downward, indicating the start of the race.

The runners are observed for 100 meters for any reason to recall the race that would constitute an unfair start.

Note: The use of audio-visual start/count-down time clock is permitted.

5. Art. 5 - Clerk of the Course - the clerk shall place the teams in proper position on the starting line and give all needed instructions. Also, the clerk should check and enforce uniform, visible apparel and shoe regulations.
6. Art. 6 - Chute Director – The chute director shall:

8. Art. 8 - Chute Umpires - the chute umpires supervise the competitors after they enter the chute and see that they are properly checked to prevent any irregularity in the order of finish. They see that all competitors who cross the finish line are given their proper order as the contestants go through the chute.
9. Art. 9 - Caller - the caller calls the number of each competitor in the order of his/her proper place in the chute.

10. Art. 10 - Checkers - the checkers keep a record of the competitors and their order of finish as announced by the caller. In case of conflicts, if two are in agreement, their records are accepted. If agreement cannot be reached by at least two of the checkers, the referee makes the final decision.
11. Art. 11 - Course Umpires - the course umpires observe the activity of the competitors. If any competitor fails to run the proper course, or otherwise violates the rules, the umpires report the infraction to the referee.
12. Art. 12 - Timers - record the times of the competitors who finish. A timer may be assigned at a designated spot along the course to call elapsed times during the race.
13. Art. 13 - Marshals - shall keep the competitive area free from all persons except officials, contestants and other individuals authorized by the games committee.
