

**CLASSIFICATION PLAN FOR THE 2019-2020 SCHOOL YEAR
AND THE 2020 and 2021 DISTRICTS FOR FOOTBALL, BASEBALL AND SOCCER**

The 2019-2020 school year brings a unique circumstance to the classification process of activities due to the closure of some high schools and the redistricting of other high schools within the Oklahoma City Public School District. In an effort to provide the most accurate count for OKCPS high schools, and subsequently for all member schools to be placed in the appropriate classifications for activities, the OSSAA will make a one-time adjustment to the classification of activities for the 2019 seasons, and a one-time adjustment of classifications that will be used for the purpose of redistricting football, spring baseball and soccer for the 2020 and 2021 seasons.

OKCPS will provide their actual 9th grade through 12th grade ADM numbers from each high school to the OSSAA no later than September 5, 2019. The 2019-2020 ADM will be posted to OSSAA.com at 4 p.m. on September 10, 2019. Any discrepancies in ADM numbers must be reported to the OSSAA before September 13, 2019 at 4 p.m.. The ADM numbers will be deemed official on September 13, 2019.

The following procedures will be used for the one-time adjustment to the classification process.

The Cheer Regional, State and Game Day competitions will require the classifications to be released no later than September 1, 2019; therefore the numbers from the end of the school year Annual Statistical Report from the State Department of Education and the agency certified ADM numbers from non-public schools will be used to classify Cheer for the 2019-2020 school year.

The adjusted numbers will have no effect on Fall Baseball; therefore Fall Baseball will use the end of the school year Annual Statistical Report from the State Department of Education and the agency certified ADM numbers from non-public schools to classify for the 2019 fall baseball season.

Cross Country and Volleyball will use the end of year Annual Statistical Report from the State Department of Education, the agency certified ADM numbers from non-public schools, and the adjusted numbers from OKCPS to classify for the 2019 season.

Spring Baseball and Soccer will use the end of year Annual Statistical Report from the State Department of Education, the agency certified ADM numbers from non-public schools and the adjusted numbers from OKCPS to redistrict Class 6A, 5A, 4A, 3A and 2A spring baseball for the 2020 and 2021 seasons, and the Class 6A, 5A and 4A 2020 and 2021 soccer seasons. The proposed Districts for baseball and soccer will be presented the OSSAA Board of Directors at their regularly scheduled meeting on October 9, 2019.

All other activities (Academic Bowl, Basketball, Golf, Slow-Pitch Softball, Swimming, Tennis, Track and Field, Wrestling, Music, One-Act Play, and Speech & Debate) will use the end of year Annual Statistical Report from the State Department of Education, the agency certified ADM numbers from non-public schools, and the adjusted numbers from OKCPS to classify for the 2019-2020 school year.

Football will use the numbers from the First Quarter Statistical Report from the State Department of Education and the agency certified ADM numbers from non-public schools to redistrict football for the 2020 and 2021 seasons. Proposed football districts will be presented to the OSSAA Board of Directors at their regularly scheduled meeting on January 15, 2020.
