MANDATORY BAT TESTING PROCEDURES FOR STATE TOURNAMENT TEAMS

All bats will be tested at the State Tournament site. Every bat to be used in the tournament **MUST** be tested prior to the first game for each respective team. Bats that have been tested prior to the State Tournament must be re-tested at the site. A different sticker than the one used during the regional tournament will be used.

Any batter entering the batter's box with an untested bat will be automatically out, and the coach from that team will be restricted to the dugout for the remainder of the contest.

Teams shall report to the bat testing area beginning at the designated times on the chart below.

Game Time	Report to bat testing area
10:00 a.m.	8:30 a.m.
11:30 a.m.	9:45 a.m.
1:00 p.m.	11:00 a.m.
2:30 p.m.	12:15 p.m.

Bat testing area will be located inside the entrance gate.

Suspended game: If weather, darkness, or other circumstances interfere with play so that a play-off tournament game is called (ended) by the umpire, it is a regulation game provided: (a) five full innings have been played; or if the home team has scored a greater number of runs in four or four and a fraction turns at bat than the visiting team has scored in five turns; or (b) play has gone beyond five full innings and is called when the teams have not had an equal number of completed turns at bat. The score shall be the same as it was at the end of the last completed inning; unless the home team, in its half of the incomplete inning scores a run (or runs) which exceeds the opponent's score, in which case, the final score shall be recorded when the game is called. Otherwise, it will be a suspended game. A suspended game shall continue from the point of suspension on the earliest possible day, with the line-up and batting order for each team the same as it was at the time of suspension.

If weather conditions are threatening, please check the OSSAA website at www.OSSAA.com, for information regarding delays.

All state tournament qualifiers should notify the OSSAA office detailing any conflicts in scheduling if the tournament is delayed. All conflicts may not be avoided, but every effort will be made to accommodate as many schools as possible when the state tournament is delayed because of inclement weather.
