#### **MANDATORY BAT TESTING PROCEDURES FOR STATE TOURNAMENT TEAMS**

All bats will be tested at the State Tournament site at The Ballfields at Firelake, Shawnee, OK. Every bat to be used in the tournament **MUST** be tested prior to the first game for each respective team. Bats that have been tested prior to the State Tournament must be re-tested at the site. A different sticker than the one used during the regional tournament will be used.

Any batter entering the batter's box with an untested bat will be automatically out, and the team will be issued a warning. If a subsequent violation occurs, both the batter and the player will be restricted to the dugout.

Teams shall report to the bat testing area beginning at the designated times on the chart below.

<b>Game Time</b>	<b>Report to bat testing area</b>
10:00 a.m.	8:30 a.m.
11:30 a.m.	9:45 a.m.
1:00 p.m.	11:00 a.m.

The testing area will be inside the main entrance at The Ballfields at Firelake.

**Suspended game:** If weather, darkness, or other circumstances interfere with play so that a play-off tournament game is called (ended) by the umpire, it is a regulation game provided: (a) five full innings have been played; or if the home team has scored a greater number of runs in four or four and a fraction turns at bat than the visiting team has scored in five turns; or (b) play has gone beyond five full innings and is called when the teams have not had an equal number of completed turns at bat. The score shall be the same as it was at the end of the last completed inning; unless the home team, in its half of the incomplete inning scores a run (or runs) which exceeds the opponent's score, in which case, the final score shall be recorded when the game is called. Otherwise, it will be a suspended game. A suspended game shall continue from the point of suspension on the earliest possible day, with the line-up and batting order for each team the same as it was at the time of suspension.

If weather conditions look unfavorable, please contact the site manager before leaving for the tournament.

Designated Media Area - National Federation Softball Rules require the home team or game management to designate a lined area for the media. This area shall be considered a dead ball area. This rule also prohibits media from being in a live ball area. (Rule 1-1-7). The OSSAA is asking each host site to cooperate with the media and provide a designated area outside of live ball territory.

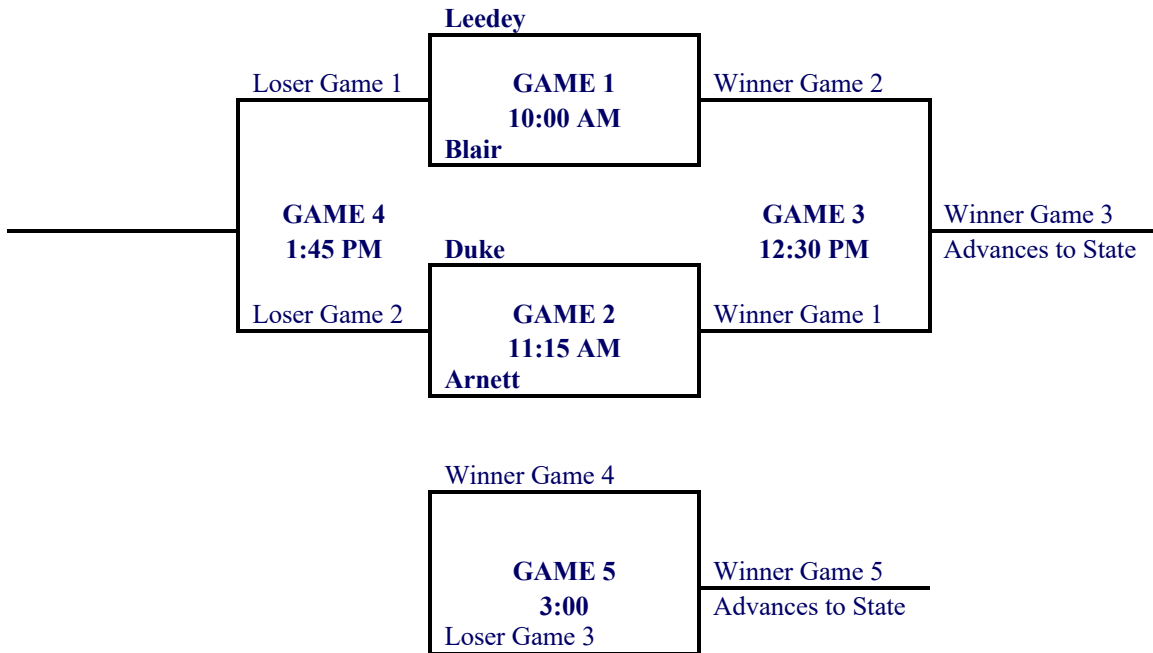

It is the responsibility of each school to properly equip your softball players for safety reasons. Please make sure you have enough helmets in various sizes for your team to wear. Also, chin straps can easily be purchased or made for helmets.

Please send a copy of your roster and team picture to [programs@vype.com](mailto:programs@vype.com) no later than April 25.
