Cash tickets will be available at the site, the cash price is \$13. The additional \$3 collected each day will be divided amongst the schools participating during that session of the tournament.

The Rules of Play will be those of the 2023 National Federation Softball Rule Book.

All play-off games will be regulation seven inning games unless the run rule is in effect. The run rule will be 15 runs after 3 innings, 12 runs after 4 innings, or 10 runs after 5 innings in effect throughout the play-off series. The host school shall inform the umpires of this regulation prior to the tournament beginning.

Courtesy runners may be used for the pitcher or catcher. Any substitute may run for the pitcher or catcher, but not both.

The OSSAA has adopted the National Federation extra player as in rule 3-1-1.

For the OSSAA play-off tournaments, each team will be limited to **twenty-two (22)** suited squad members.

Awards will be sent by the OSSAA to the regional site.

Refer to the 2022-2023 OSSAA Slow-Pitch Softball Manual for further information.

The pitching distance shall be 50 feet.

Only alloy bats are permitted in OSSAA Slow Pitch games.

Suspended game: If weather, darkness, or other circumstances interfere with play so that a play-off tournament game is called (ended) by the umpire, it is a regulation game provided: (a) five full innings have been played; or if the home team has scored a greater number of runs in four or four and a fraction turns at bat than the visiting team has scored in five turns; or (b) play has gone beyond five full innings and is called when the teams have not had an equal number of completed turns at bat. The score shall be the same as it was at the end of the last completed inning; unless the home team, in its half of the incomplete inning scores a run (or runs) which exceeds the opponent's score, in which case, the final score shall be recorded when the game is called. Otherwise, it will be a suspended game. A suspended game shall continue from the point of suspension on the earliest possible day, with the line-up and batting order for each team the same as it was at the time of suspension.

Ill-fitting batting helmets are a growing concern among game officials. Umpires have reported several incidents where the batter and/or base runner's helmet has come off the head while a player is running the bases. A helmet that fits properly will not easily come off the head. It is the responsibility of each school to properly equip your softball players for safety reasons. Please make sure you have enough helmets in various sizes for your team to wear. Also, chin straps can easily be purchased or made for helmets.

Application for academic achievement award must be postmarked or faxed or emailed by April 26, 2023. The form is located on the OSSAA website, www.ossaa.com.

If weather conditions look unfavorable, please contact the site manager before leaving for the tournament.

Designated Media Area – National Federation Softball Rules require the home team or game management to designate a lined area for the media. This area shall be considered a dead ball area. This rule also prohibits media from being in a live ball area. (Rule 1-1-7)

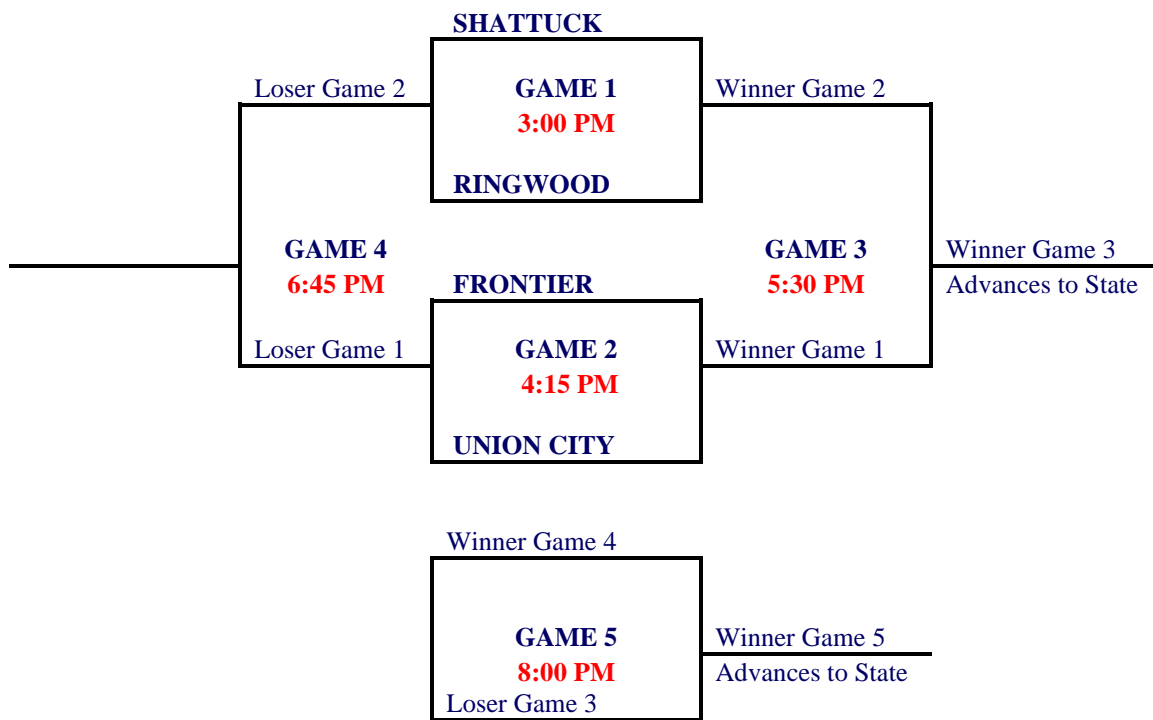

The OSSAA is asking each host site to cooperate with the media and provide a designated area outside of live ball territory. We realize each park is built different and the above recommendation may not be feasible. An area that affords the best possible coverage with the least possibility of an interference situation should be selected however NFHS Rule prohibits the area to be in live ball territory .

Each team participating in the regional tournaments should email a team picture and roster to programs@vype.com no later than April 24.
