Designated Media Area – National Federation Softball Rules require the home team or game management to designate a lined area for the media. This area shall be considered a dead ball area. This rule also prohibits media from being in a live ball area. (Rule 1-1-7)

The OSSAA is asking each host site to cooperate with the media and provide a designated area outside of live ball territory. We realize each park is built different and the above recommendation may not be feasible. An area that affords the best possible coverage with the least possibility of an interference situation should be selected however NFHS Rule prohibits the area to be in live ball territory .
